14 August 1995

Dear Maria Eugenia Rojas, Executive Secretary

At the meeting to establish the Child Rights Information Network at the ICC, Paris (July 1995), participants agreed that the production of a Network Newsletter was a priority. It would facilitate communication between network members and would meet some of the information needs of different child rights organisations.

In order for it to play an important and relevant role in the promotion of the Child Rights Information Network activities, information is required as to what you would expect from such a publication. From this information, a Network Newsletter can become an effective and efficient communication tool.

Participants wanted to be involved in the development of the network projects, such as the newsletter. I would be very grateful if you could answer the questions below in as much detail as possible and return them to me by **September 4th 1995**. The answers to these questions will enable me to put forward a more detailed proposal for the newsletter format, content and design.

Kind regards

R
