Dear Mrs Janet Nelson,

Fundacion PIDEE is a NGO that works for and with children. We have a Documentation Center on Infancy in Latin America (CEDIAL) with a big Library on Children' Rights. Therefore we have a great interest in receiving the documents of UNICEF's Working Paper Series.

We would like to receive documents of the four themes announced:

- The Rights of Girls
- Children in Armed Conflict
- Sexual Exploitation of Children
- Child Labour

Best regards,

Maria Eugenia Rojas
