Dear Everybody,

This is my first day on the list and I would like to introduce myself. My name is Robert Goodman and I live in Madrid, Spain. I am a freelance feature writer and ex- industrial chemist. Since last December I belong to the first NGO in Spain totally dedicated to fight child pornography. I work as the international coordinator and am responsible for all relations with ecpat. This NGO, called ACPI (Accion Contra la Pornografia Infantil) was recently accepted as an affiliate member of ECPAT-INTERNATIONAL.

Independently from my relation with ACPI, I want to establish contact with members of other associations across the globe, fighting for a common cause - protecting children worldwide against the worst social plague of the century.

One of the topics I am especially worried about is the growing traffick of children across borders for their sexual exploitation, something directly related to MISSING CHILDREN. In this sense I would like to receive correspondance from those of you who have recent information regarding Albania, Kosovo, Serbia etc and South American countries as a whole.

The other topic for investigation is child pornography on Internet. It is quite disturbing to find images of the same children on different web pages without said pages being banned worldwide.

I have a lot to say but I won't bore you all now. This message is a test to see if it gets published and receives replies.

Write soon as I am looking forward to meeting people with common aims.

Kindest regards,

Robert Goodman
